Action Plan

3

JOIN THIS SESSION
in a unique opportunity to

1

Immerse yourself in learning about a range of new technologies that you can apply in your work and for your organisation;

2

Experience how other organisations are deploying the latest digital tools to provide evidence and inspiration in considering how you and your organisation might utilise new and emerging digital tools and platforms;

3

Build a strategic approach to your plans for Digital Transformation now and in the near future including design and innovation methodologies used in the digital industry; and

4

Create your own transformation and learning agenda to keep yourself informed and engaged in all things HR and Digital.

Training Setup

4

A

Build out the premise of 3 levels of „Digital HR” – Foundation, Developed, Advanced with scaled attributes in terms of:

- utilisation of digital tools and platforms
- re-engineered processes and pathways, and
- mindset and ways of working

B

During the event, pairs and squads are created to match people with similar levels of digital „maturity” to enhance learner experience and collaborative learning – as much „hands on” as possible and pitched across levels of digital capabilities including design, production, strategy, communication, engagement & influence.

C

A new and highly regarded co-working, co-learning and co-creating collaborative digital platform is utilised for the learners to post learning content, create a repository of useful information and continue to be connected after event.

You, your questions and one of the **best subject matter experts.**
